

It's FREE!!!

It's Easy!

It's Escript.....

Mt. Calvary PTL earns money through the *escrip* program. The *escrip* program is convenient and easy. All you have to do is register your Vons shopper card number and/or your credit or debit card and Mt. Calvary PTL will get donations. The registration is secure, safe and reliable.

ESI (Electronic Scrip Incorporated or *escrip*) is a California-based corporation dedicated to establishing relationships between commerce and community – to provide resources to organizations and projects that support children. ESI introduced the *escrip* program in 1999 and has distributed over \$120 million to schools and youth organizations across the country.

All you do is complete a registration form (available in the Mt. Calvary Office or online at escrip.com) with your Vons Club Card and/or at least one major credit or debit card (Visa, Mastercard, Macy's, etc.). Then, any time you purchase using that card at the participating retailer, Mt. Calvary receives a portion as a donation from the participating retailer through *escrip*. The registration of your credit card is safe and reliable and will not be sold or distributed. See the web site for terms and security.

Vons requires each participating family to **re-register their Vons card by November 1.** The purpose for re-registration is to insure that the use of a Vons card is current. Other cards (Visa, Macy's, etc.) **do not** require this re-registration. Once registered with those cards, they are active unless you remove them.

A list of participating retailers is available online at escrip.com. The list includes Von's, Macy's, Eddie Bauer, Carrow's, Claim Jumper, American Airlines Flight Certificates and many more.

Friends and family can join in to donate for Mt. Calvary too! Anyone can register their cards and use the **Mt. Calvary Group ID # 138043321** to donate to our kids. This is a great way to get support from grandparents, neighbors, friends and other relatives to earn money for Mt. Calvary kids without a fundraiser purchase! There are no headaches and almost no effort.
